### Volume 15, Number 3, August 2023

- Shared Service Processes for the Information Security in the Smart Grid of the Future..... 76  
*Asiye Öztürk*
- Influence of Yarn Hairiness on the Mechanical Properties of Unidirectional Jute Polyester Composites ..... 81  
*Ranjit K Nag\*, Michael J Clifford, and Andrew C Long*
- Influence of Drying Temperature on Drying Kinetics and Appearance of Avocado Slices in Heat Pump Drying Process ..... 89  
*Nguyen Thi Thuy Dung\* and Nguyen Van Thuan*
- A Hybrid Machine Learning and Fuzzy Inference Approach with UAV for Indoor Virus Contamination Risk ..... 94  
*Esra Çakar\*, Furkan Erdi, Emre Demircioğlu, and Mehmet Ali Taş*
- The Building Material Use Study of the Eco Learning Camps Design for Elementary and Middle School Students: A Case Study ..... 100  
*Qiqi Liu, Chenghao Zhu, and Xin Wu\**
- Heating Performance and Energy-Efficiency Evaluation of a Personal Heating Device: Numerical Simulation and Experimental Validation ..... 105  
*Qibin Li and Hong Liu\**
- Visual Analysis of the Hot-Spots and Trends of Literary “Animal Image” Research in CNKI Based on Cite Space ..... 111  
*Huijuan Lu*
- Comparison of the Fluorescence Properties of Biological Solutions and Aerosols..... 115  
*Yanlei Li, Yi Cai, Zhe Yang, Haiyan Chen, Zhanying Zhang, Dongsheng Yu, Weikai Fang, Yanfei Wang, and Chidong Xu\**
- Feasibility Study of the Location Selection for Oil Distribution Center with Sensitivity Analysis Case Study: A Sample Oil Company ..... 119  
*A. Sanonok\*, P. Patthamanawin, C. Pornsing, N. Sangkhiew, A. Jataphook, C. Intawongse, and P. Jomtong*
- Rapid and Effective Absorption of Mercury(II) in Aqueous Solution Using CuS Composites Supported by SiO<sub>2</sub> Aerogel..... 123  
*Zhenzhen Cai, Jun Wang, Xuyin Lin, and Tuanyu Guo\**
