

IACSIT International Journal of Engineering and Technology

CONTENTS

Volume 8, Number 1, February 2016

• Civil and Construction Engineering

- Towards Green Building with Prefabricated Systems on Flat Development in Indonesia.....1
Hary Agus Rahardjo, Priyasambada, and Dwi Dinariana
- Effects of Web Openings on the Effective Slab Widths in Composite Steel Beams.....6
Mohammad A. A. Alsarraf and Hamdy Shehab El Din
- Reuse of Ground Granulated Blast Furnace Slag (GGBFS) in Lime Stabilized Embankment Materials.....11
A. Kavak and G. Bilgen
- Soil Engineering Properties Improvement by Utilization of Cut Waste Plastic and Crushed Waste Glass as Additive.....15
Achmad Fauzi, Zuraidah Djauhari, and Usama Juniansyah Fauzi
- Trial Panels – A Useful Prerequisite for Cut off Wall Execution: Upper Gotvand Dam.....19
A. Zabihollah Zadeh, M. Karbalaee mohammadi, and M. R. Norian
- Paradigms for Employing Interactive Computing Tools and Graphical User Interfaces (GUIs) in Structural Engineering Problems.....23
Fawad Ahmed Najam, Rao Arsalan Khushnood, and Syed Ali Rizwan
- Design Criteria for Privacy-Sensitive Healthcare Buildings.....32
Chaham Alalouch, Peter A. Aspinall, and Harry Smith
- Exploration of the Rural Construction Mode Based on Sociological Research-Take Longma Town in Enshi County of Hubei Province for Instance.....40
Chao Xie and Xiaofeng Li
- The Measures of Light Performance of Wind Catchers in Hot Climatic Zones.....45
Egal Kkalaf Aljofi
- Developing Satellite Towns: A Solution to Housing Problem or Creation of New Problems.....50
Md. Mehedi Hasnat and Md. Shamsul Hoque
- Experimental Study on Tunnel Fire Behaviors under Natural Ventilation Using Shafts.....57
Chuangang Fan, Jie Ji, and Jinhua Sun
- #### • Electronic Communications and Industrial Engineering
- Single Balanced Mixer Using Substrate Integrated Waveguide (SIW) 90° Coupler.....61
Abdelkhalek Nasri, Hassen Zairi, and Ali Gharsallah
- Cubature Particle Filter with MCMC and Applications to Re-entry Ballistic Target Tracking.....65

Jing Mu and Yuanli Cai

Travel Time Analysis of an Open-Rack Miniload AS/RS under Class-Based Storage Assignments.....70

Mohammadreza Vasili and Tang Sai Hong
