IACSIT International Journal of Engineering and Technology

CONTENTS

Volume 8, Number 3, June 2016

- **Information Technology and Pattern Recognition**

Gradient Based Image Edge Detection.....153
Jamil A. M. Saif, Mahgoub H. Hammad, and Ibrahim A. A. Alqubati

Hand Gesture Recognition for Sign Language: A New Higher Order Fuzzy HMM Approach.....157
Saad M. Darwish, Magda M. Madbouly, and Murad B. Khorsheed

Wavelet Based Color Video Steganography.....165
Anush Kolakalur, Ioannis Kagalidis, and Branislav Vuksanovic

Development of Attribute-Assign-Editor for Road Surface Point Cloud Data.....170
Y. Fujita, I. Kobayashi, Y. Hoshino, and W. Chanseawrassamee

Secure Storage of Data on Android Based Devices.....177
Poonguzhali P., Prajyot Dhanokar, M. K. Chaithanya, and Mahesh U. Patil

- **Civil and Environmental Engineering**

Compressive Strength of Permeable Asphalt Pavement Using Domato Stone (Quarzite Dolomite) and Buton Natural Asphalt (BNA) Blend.....183
Firdaus Chairuddin, M. Wihardi Tjaronge, Muhammad Ramli, and Johannes Patanduk

Bolon and Lobo: Revealing the Stack Construction on Batak Simalungun and Kulawi Traditional House.....187
Yusfan Adeputera Yusran and Noviani Suryasari

Automated Water Treatment Alternative for Domestic Use in Enugu State of Nigeria.....193
A. I. Odo and C. R. Odo

Multi-factor Constrained Analysis Method for Geological Hazard Risk.....198
Kunwang Tao, Liang Wang, and Xinlin Qian

Utilising Physical Model for Design Assessment: Proposed Alterations of Batu Dam, Malaysia.....202
Saiful Bahri Hamzah, Mohd Kamarul Huda Samion, and Mohd Fauzi Mohamad

- **Machine Control and Design**

Determination of Acceleration for Belt Conveyor Speed Control in Transient Operation.....206
Daijie He, Yusong Pang, and Gabriel Lodewijks

Ergonomics of a Custom Made Solar Electric Car.....212
Karam Siva Bhushan Reddy, M. Vijaya Kini, Amol Grover, and P. S. Sujay

- **Traffic Engineering**

A Comparison between Genetic Algorithms and Simulated Annealing for Minimizing Transfer Waiting Time in

Transit Systems.....216
Vahid Poorjafari, Wen Long Yue, and Nicholas Holyoak

Impact Study on Mass Evacuation in Urban Underground Passages.....222
Yizhou Chen, Rui Yang, and Shifei Shen
