CONTENTS

Volume 16, Number 1, 2024

The Impact of Implementing Lean Manufacturing Tools in the Productivity of the Dyeing Area of a Textile Company.....	1
<i>Andrei Jorge Kuryla-Queirolo*, Arturo Novelli-Toce, Juan Carlos Quiroz-Flores, Martin Collao-Diaz, Alberto Flores-Pérez</i>	
Overview of Micro-Mechanical Accelerometer Research Based on $\Sigma\Delta$ Modulation Technology.....	6
<i>Chen Lingjia</i>	
An Investigation of Developing a 3D Printing Industry through the Recycling of Plastic Waste in Mauritius	11
<i>P. Jeetah*, Y. Chuttur, N. Hurry, K. Tahalooa, and D. Seebun</i>	
Fabrication of Lotus Fibre Spinning Machine	16
<i>Van-Tinh Nguyen*, Ngoc-Kien Nguyen, and Ngoc-Tam Bui</i>	
Barbed-Spring Locks of the Museum: The Integrated Applications of Research, Exhibition and Science Education	20
<i>Jian-Liang Lin*, Ching-Ching Pu, Hsin-Te Wang, Chin-Fei Huang, and Kuo-Hung Hsiao</i>	
The Impact of Cloud Manufacturing on RAMI 4.0	27
<i>M. E. Ciortea</i>	
HDL Synthesis, Inference and Technology Mapping Algorithms for FPGA Configuration	32
<i>Nuocheng Wang</i>	
On the Study of the Active Tooth Surfaces' Geometry of the Spatial Rack Drives	39
<i>Emilia V. Abadjieva</i>	
Game Intention Analysis and Optimal Decision Methods: A Survey	46
<i>Zeyu Zhu</i>	
Voice-to-Braille Translation System for Promoting Braille Learning.....	52
<i>Ian Herrera*, Juan J. Carreras, and Rutilio Nava</i>	
The Impact of Predictability and Fault Tolerance on Reliability in Microelectronic Device Design and Manufacturing	57
<i>Yadi Lin* and Wendi Lin</i>
